More resources listed in main programming.

The Program

- Begin your session in prayer.
- Take the teenagers into the church. Give them the Where Am I? Activity sheet. They will be given 15 minutes to determine where the items on the list are located in the church. They must write down the location next to the item. Remind them that they are in a holy place and should be respectful while making their decisions and that in no way should they enter the Sanctuary.
- When completed, review the answers. Take the participants through each section of the church explaining the different appointments or items – hand out the Glossary of Terms Sheet. You may want to test them and have them tell you what the different items are and if they know why their significance may be to the church building/services.
- Once you have completed your tour begin the Design Your Church Interior Project.

The Tour

Begin by explaining to the teenagers that everything within the church has a purpose and meaning. They will be learning about the various items in the church and why they are there.

1. The Vestibule

- ✓ Review with the teenagers of the purpose for the vestibule or narthex (see main Chapel Challenge lesson).

- ✓ Begin discussing what items are in your vestibule/narthex. Hand out the glossary terms. Ask the participants to locate the items on the list. Discuss the items meaning and location. These may include:
 1. Icons (which icons are present and why were they chosen for the vestibule?)
 2. Candles (Candles are present in the vestibule to offer up sacrifice and prayer upon entering the Lord's house.)
 3. Prayer Shrines (These small areas, normally with icons and candle stands are provided for individuals to offer up prayers quietly before entrance into the church. They were also provided for catechumens who originally were not permitted into the nave of the church. Review with the teenagers who catechumens are.)

Utilize the explanations provided in the glossary to explain the items and why they are located in this area.
