How do I register?

Create a user account and then you may choose the program for which you are registering. Your account will stay with your child through their camping experience.

Do I need to make a new registration account?

No, you don't! Either click on the registration button provided on the OYM website page for camp registration or use the link provided in your registration email sent to you in February. Once on the Campdoc website, enter the email address used in the past and your password.

What if I don't remember my password?

You can reset your password at anytime.

Will I need to fill out all of the information again from last year?

No. You will only need to review and update most information and newly complete just a few of the questions and signatures.
